DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent

2. Claims 13 and 14 are rejected under 35 U.S.C. 102(a) as being anticipated by Spivey.

Spivey discloses a trough formed from an end area of a carton and including a push tab 82 formed by overlapping panels 12, 28 forming the end area of the carton as claimed. The end or end area in Spivey is considered to be formed by a plurality of panels insofar as claimed.

Allowable Subject Matter

3. Claims 1, 2, 5, 8-12, 15 and 17-23 are allowed.

Response to Arguments

4. Applicant's arguments filed 04 April 2006 have been fully considered but they are not persuasive.

The remarks assert that the patent to Spivey fails to disclose a trough having a fold line displaced from an edge of the trough that is defined by the frangible line. In response, the trough of Spivey is considered to be formed from a plurality of edges which have been all formed from a frangible line in a carton. The fold line 88 in Spivey is clearly displaced from one of these edges irregardless of whether the foldline is displaced from the frangible line adjacent the fold line.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
